

I can solve missing number problems.

I can compare the durations of events.

Maths Targets Working at Expected Level

Year:

Name:

Class/Teacher:

I can compare and order numbers up to 1000.

I can estimate the answer to a calculation and use inverse operations to check.

I can solve multiplication and division problems.

I know the number of seconds in a minute and the number of days in each month, year and leap year.

I can estimate and read time with increasing accuracy and compare times using appropriate vocabulary.

I can solve problems involving fractions.

I can count from 0 in multiples of 4, 8, 50 and 100.

I can solve addition and subtraction problems.

I can recall and use multiplication and division facts for the 8 times table.

I can tell the time using roman numerals from I to XII.

I can compare and order fractions and fractions with the same denominators.

I can compare and order fractions, and fractions with the same denominators.

I can identify, represent and estimate numbers in different contexts.

I can subtract numbers up to three digits using an efficient written method.

I can use mental strategies to multiply a 2 digit number by a 1 digit number.

I can tell and write the time from an analogue clock in 12 and 24 hour clocks.

I can add and subtract fractions with the same denominator within one whole. $5/7=1/7+6/7$

I can add and subtract fractions with the same denominator within one whole $5/7+1/7=6/7$

I solve two-step problems using presented data.

I can find 10 or 100 more or less than a given number.

I can add numbers up to three digits using an efficient written method.

I can write and calculate statements for \times and \div using the multiplication tables that I know.

I can add and subtract amounts of money to give change using £ and p.

I can recognise and show, using diagrams, equivalent fractions.

I can identify right angles.

I can solve one-step problems using presented data.

I can recognise the place value of each digit in a 3 digit number.

I can add and subtract a three-digit number and hundreds mentally.

I can recall and use multiplication and division facts for the 3 times table.

I can measure the perimeter of a 2D shape.

I can recognise and use fractions as numbers.

I can recognise angles as a property of shape or a description of a turn.

I can interpret and present data using tables.

I can solve number problems and practical problems.

I can add and subtract a three-digit number and tens mentally.

I can recall and use multiplication and division facts for the 4 times table.

I can measure, compare, add and subtract volume/capacity (l/ml)

I can find and write fractions for a set of objects.

I can recognise 3D shapes in different orientations..

I can interpret and present data using pictograms.

I can read and write numbers to 100 in numerals and in words.

I can add and subtract a 3-digit number and ones mentally.

I can use efficient written methods to multiply a 2 digit and a 1 digit number.

I can measure, compare, add and subtract mass (kg/g).

I can recognise that tenths arise from dividing an object into 10 equal parts.

I can make 3D shapes using modeling materials.

I can interpret and present data using bar charts.

I can measure, compare, add and subtract lengths (m/cm/mm)

I can count up and down in tenths.

I can draw 2D shapes.

Place Value

Addition and subtraction

Multiplication and division

Measurements

Fractions
