Loving God~Serving others~Fulfilling our potential

Welcome to
St Margaret's Nursery

Welcome to St Margaret's Nursery. We are very excited that you will soon be coming to our nursery.

This booklet tells you all about the nursery and it shows you all the fun things you will get to do.

Our Nursery Team.

Mrs Rea
Nursery Manager

Mrs Whitehead
Deputy Nursery Manager

Miss Rumble
Early Years Educator

Miss Cousens
Early Years Educator

Mrs Simpson
Early Years Educator

Mrs Razzaq
Early Years Educator

Pets

Our much-loved nursery pets are:

Bob, Nemo and Dory.

This is Charlie Bear who likes to visit you at home.

If you would like to look after him, and take him somewhere special, please speak to a member of the nursery staff and they will be happy to help arrange this for you.

He comes with a bag of clothes and all we ask is for you to record his visit in some way.

Charlie Bear is very lucky and has visited America, Hong Kong and Germany but he also really enjoys going to visit the dentist.

Our School Day

In the morning, a member of staff will welcome you into the building. Don't forget to say 'Good morning!'

You will have your own peg with your picture and name on it. This is where you put your coat and bag.

You will have your own tray, which will have your name and picture on it. You can put your book bag, art work and letters to go home in here.

You can find your Numicon face to self-register and find your feelings.

Literacy

At Nursery you can make marks.

You can join in with 'Squiggle while you wiggle' and fine motor activities which helps stimulate your early writing skills.

You can read books and listen to stories in our Reading Corner.

You can visit the main school library.

Explore the Power of Reading with a variety of our wonderful books.

Expressive Arts and Design

You can go into the role play area or play with small world figures.

You can explore your creative skills.

Our Outside Area

We learn to use balance bikes and large equipment.

We are very lucky to have access to the school's environment which you can explore too.

You can build things within the construction area.

These are the nursery toilets. You can use them when you need to.

We use iConnect (online journal) to record your learning. Your parent/carers can ask the nursery staff for more information on this and how to sign up to it.

We look forward to welcoming you all to Ducklings class.
